About Us

Introduction
Vector Software develops VectorCAST, a family of test automation tools that are used by C++ software developers to improve the quality of their embedded software applications. Our corporate headquarters and primary R&D center is located in East Greenwich, Rhode Island about half way between Providence and Newport, and about 60 miles south of Boston. Over the last 20 years, we’ve built a world-wide team that thrives on change and innovation, our goal is to attract smart, hard-working, team oriented engineers who can thrive in a fast paced environment.

Current Openings
- Senior C++ Software Developer
- Product Engineer
- Field Applications Engineer – Post Sales
- DevOps Engineer
- Software Services Specialist

Join Us
